

Talking To Your Kids About Sex

How to have age-appropriate conversations with your children about healthy sexuality.

Most parents agree that healthy sexuality should be taught at home, rather than left to their children's teachers, peers or culture. However, even parents with the best intentions can feel at a loss regarding where to start....

This informative 1-2 hour workshop will give you guidance on how to explore and examine your own sexual beliefs and prepare you to share with your child/teen about this wonderful gift of sex from a Biblical perspective. Will include answers to many practical questions
